# Table of Contents

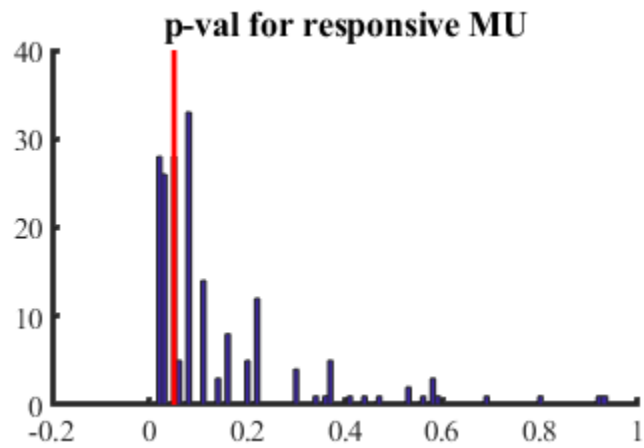

Data analysis .....	1
responsive MU: Significant response to first stim .....	1
mean responses per stimulus for significant MU clusters .....	2
Overlay of Seq, RAN & CON .....	2
Histogram of average responses per stimulus .....	3
Scatterplot and histogram for first stimulus .....	3
Scatterplot and histogram for second stimulus .....	4
Daily average responses per stimulus .....	4

## Data analysis

### responsive MU: Significant response to first stim

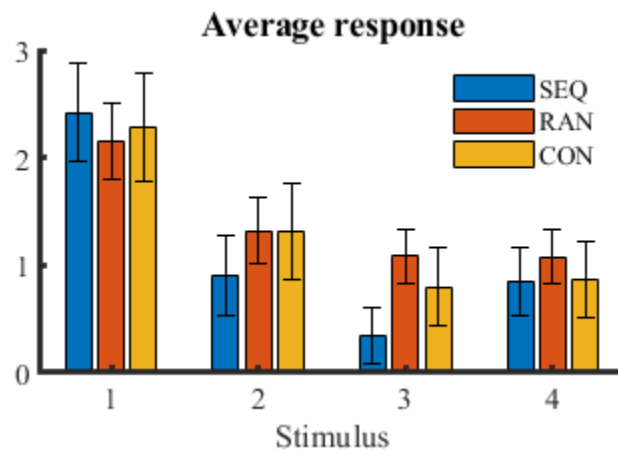

p values from T-test comparing BL to mean response to stim 1

*Number of collected MU = 187*  
*Number of responsive MU = 82*

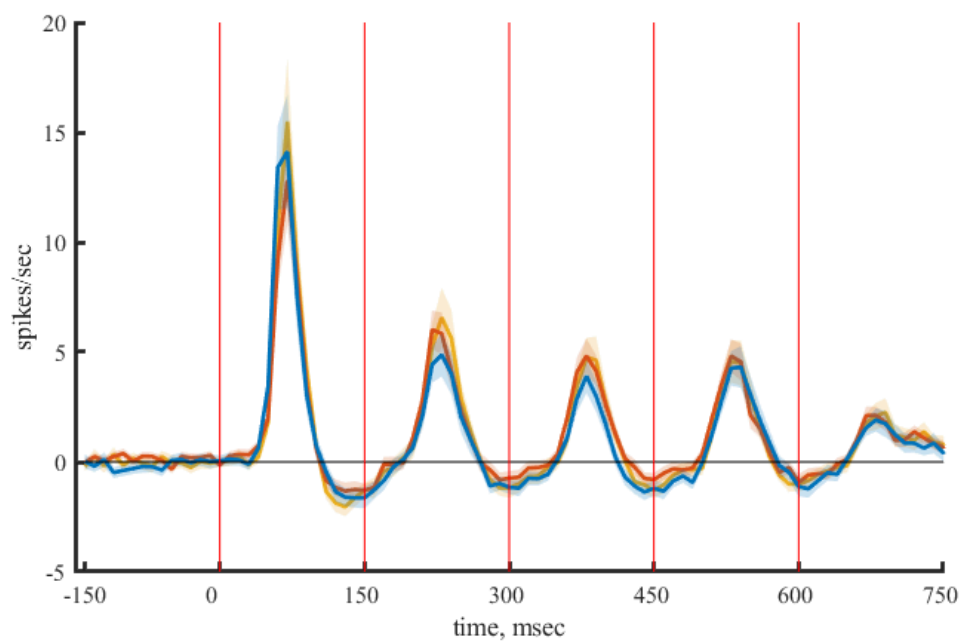

---

## mean responses per stimulus for significant MU clusters

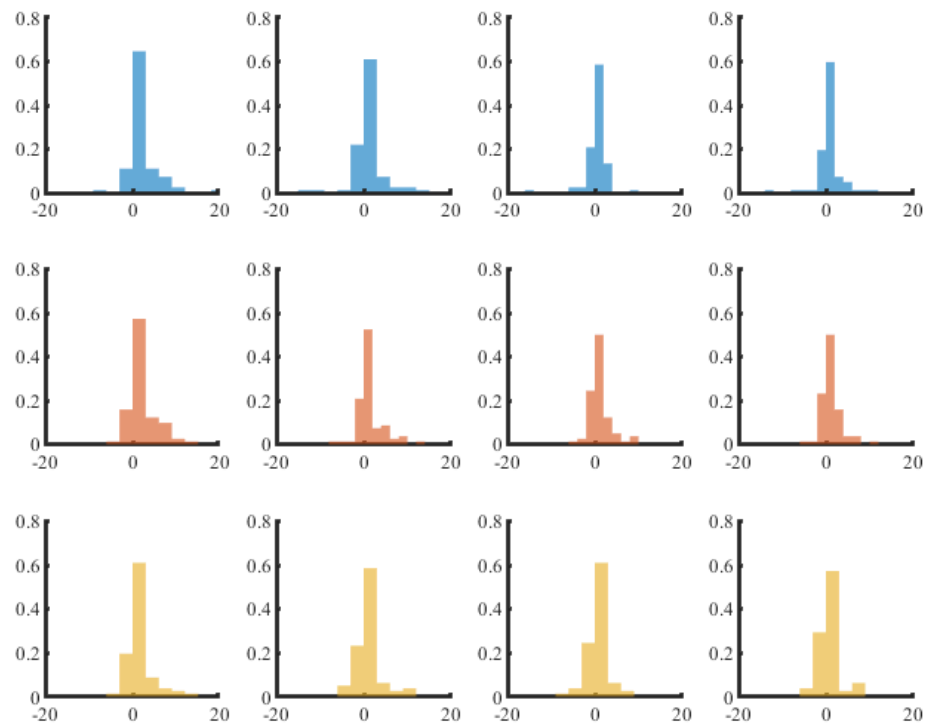

## Overlay of Seq, RAN & CON

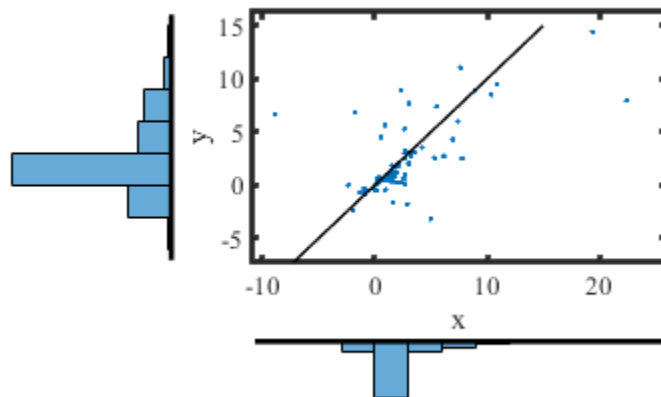

---

## Histogram of average responses per stimulus

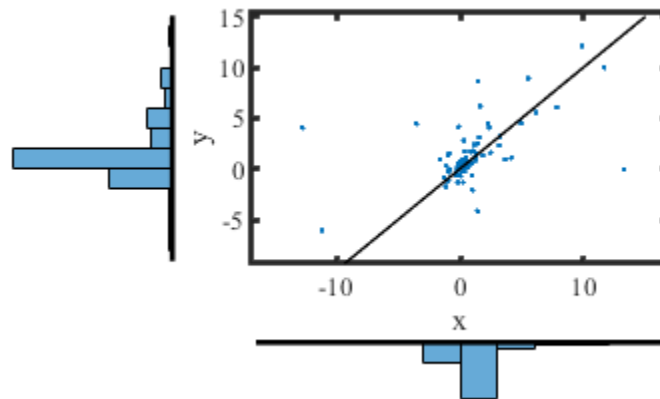

## Scatterplot and histogram for first stimulus

---

## Scatterplot and histogram for second stimulus

## Daily average responses per stimulus
